**TILES THAT MAKE  
A STATEMENT**

Light Vein Cut Travertine at Clarendon St, Cottesloe

Kantili Tiles have been used throughout some of WA's most iconic infrastructure projects including Optus Stadium, Raine Square, The Ritz Carlton and The Towers at Elizabeth Quay.

We specialise in high-end projects, working with architects and clients directly to create beautiful commercial and residential spaces. Our team of **interior designers, colour consultants and sales staff** are available to guide you step by step through the selection of your surfaces.

Our extensive selection of porcelain tiles boasts a huge array of finishes in sizes ranging from 300x300mm up to 3000x1500mm large format sheets. Some of our most popular ranges are featured on the following pages.

Contact **James** on **0427 386 963** or visit our Osborne Park showroom to see the full range as well as a large suite of mosaics, subways and natural stone products.

## BOUTIQUE SHOWROOM

---

The newly renovated showroom in Osborne Park is specifically designed for architects, designers, builders and clients to meet and explore the range together. The private meeting rooms and large selection areas allow you to spread out and select at your own pace.

Our dedicated team of interior designers, colour consultants and sales staff are on hand to help guide you through the selection process, and our Builders Selection Area will provide you with expert advice on tile, cabinet and benchtop finishes.

Visit the showroom to see the ever-expanding range of tiles from popular brands such as Marquina, Arga, Secco Florea, Tuono, Tempazio and many more. Highlights include a range of large 600mm x 1200mm-format tiles and a host of unique finishes, which provide unlimited options for your next project.
